*Please note, there is a minimum fee of \$30 to \$50 (plus shipping if applicable) for troubleshooting, assessment, and quoting. If you choose to pursue repair, additional cost of repair will be charged on top of this fee.

I need to get my equipment back by: _____

Additional note/request:

Shipping instructions for mail-in repairs:

- Make sure padding is at least 1 inch all around the equipment.
- Make sure the box is filled up with packing material. One layer of bubble-wrapping alone can't protect your equipment against impact! Always use cardboard box, Do NOT use bubble envelope alone!
- Fedex, UPS, USPS are all acceptable. USPS Priority Mail is quick (1-3 business days) and costs the least.
- Get "**Signature Confirmation.**" This is IMPORANT.
- Let me know when to expect your equipment and provide me with a tracking number!

----- Cut here and include the section above in the package -----
